NIGER STATE GOVERNMENT OF NIGERIA

BRIEF NOTE ON NIGER STATE CREATION

CREATION

Created 3rd February, 1976 from what used to be called North-Western State during the regime of General Murtala Mohammed, Niger State actually began functioning as from April 1st of that year. There were originally eight (8) LGA's namely: Chanchaga, Rafi, Gbako Etswan, Suleja, Mariga, Magama and Lavun. The Agaie and Lapai LGA's later came out of Etswan Local Government.

Between 1979 and 1983 when Malam Muhammad Awwal Ibrahim was executive Governor of the State, eighteen LGA's were being managed by the administration: Kuta, Paikoro, Chanchaga, Rafi, Gbako, Katcha, Lemu, Lapai, Agaie, Suleja, Mariga, Bangi, Kagara, Magama, Auna, Lavun, Mokwa and Jima-Doko. But when the military came into power in 1984, it was returned to the origin LGA structure. Chanchaga was split into two – Minna Municipal Council, with Minna as headquarters. Kuta remained the headquarters of Shiroro LGA, the former name of Chanchaga LGA.

The LGA's in Niger State became nineteen (19) in 1991 when President Ibrahim Babangida created nine (9) states and additional LGA's in Nigeria. By 1996 when Late General Sani Abacha created six (6) additional states and 182 LGA's in the entire country, Niger State got additional six (6) LGA's namely, Katcha, Munya, Mashegu, Edati, Tafa and Mariga, bringing the total to 25 LGAs.

In the year 2002, the civilian administration of Late Abdulkadir A. Kure responded to the clarion call of the people for the creation of additional Local Government Areas. To this end; 17 additional new local government areas were created out of the existing ones bringing the total number of local government to forty two (42).

BRIEF NOTE ON NIGER STATE CREATION (CONTD)

However, because this was not gazetted by the National Assembly as enshrined in the constitution, the new LGAs were dissolved and converted to Area Development Councils. Thus, the status quo of 25 LGAs was maintained;

LOCATION

The state lies on latitude 3.20 degree, East and longitude 11.30degree North. Kaduna State and FCT are her borders to the North- East and South –East respectively, Zamfara State borders the North, Kebbi State in the West, Kogi State in the South and Kwara State in the South-West. The republic of Benin along Agwara LGA borders in the North –West. The state covered a land area of 74, 244 square kilometers, which is 8% of the total land area of Nigeria. With the merger, the landmass is now 76,481.1 square kilometers, about 10% of the total land area of Nigeria.

SOIL

The soil types in Niger State are two: Ku soil and Ya soil. The Ku soil has little erosion harzard, while the Ya soil has better holding capacity.

POPULATION

As at 1961, the population of Niger State was 1,194,508. The 1991 population figure indicates Niger State as provisionally containing 2,421,581 people. The 2006 population and housing census put the state's population at 3,950,249.

RELIGION

Predominantly, the people are Muslims and Christians while others are traditional religionist and atheists.

TRIBES AND ETHNIC DIVISION

Though there are three most pronounced ethnic groups (Nupe, Gbagyi and Hausa), There are many other groups living happily with one another Kadara, Koro, Baraba, Kakanda, Gana –Gana Dibo, Kambari, Kamuku, Pangu, Dukkawa and Igwai. Niger State also has numerous settlers from other parts of the country living peacefully and contributing their quota to the social, political, economy and cultural development of the state. Tribes like Igbo, Yoruba, Igbira, Igala and numerous others from states also settle in Niger State.

ECONOMY

Niger State possesses fertile land as a cherished asset and the potentials are yet to be fully explored. The even climate, rich annual rain fall and availability of wide variety of mineral and agricultural resources all attest to the economic potential of the state. Every government that has come to power endeavored to provide good infrastructure such as Roads, Electricity, Water and Communication facilities, to make way for interested investors, some natural and mineral resources found in the state includes; Talc, Copper, Iron, Lead, Kaolin, Cassiterite, Columbite, Mica, Quartzite and Limestone. Niger State also a home of Electricity power supply to the nation and abroad as evidence in the three hydro – electricity power stations situated at Kainji, Jebba and Shiroro.

TOURISM

Niger State is one of the richest in the country in terms of tourism. Some of the attractions are Zuma Rock, Gurara Falls, Baro Empire Hill, Lord Lugard Colonial Ruins at Zungeru and Nagwamatse Well. One of the prominent festivals is the Gani Cultural Festival while Kainji Lake National Park is one of the best in Nigeria.

CLIMATE

Niger State experiences distinct dry and wet seasons with annual rainfall varying from 1,100mm in the northern part to 1,600mm in the southern parts. The maximum temperature (usually not more than 940 degrees centigrade) is recorded between March and June; while the minimum is usually between December and January. The rainy season last for about 150 days in the northern parts to about 120 days in the southern parts of the state. Generally, the fertile soil and hydrology of the state permit the cultivation of most of Nigeria's staple crops and still allows sufficient opportunities for grazing fresh water fishing and foresting development.

INDUSTRIALIZATION

The government of Niger State is aware that the true development of any nation, depends on her level of industrialization.

For this reason concerted efforts have been made to ensure rapid industrialization. Being largely an agrarian state, Niger State can support a large variety of agro-allied industries. Also, the state has a lot of mineral resources that can serve as basis for many other industries, such resources includes; Gold, Silica, Sand, Kyanite, Marbles, Copper, Iron, Feldspar, Lead, Columbite, Kaolin and Tantalite.

NIGER STATE GOVERNMENT OF NIGERIA

BRIEF NOTE ON NIGER STATE CREATION (CONTD)

In other to induce industrialists to invest heavily in tapping these resources, government has put in place many incentives such as provision of well-serviced industrial layout, guaranteed accelerated processing of application for industrial plot and even financial assistance in form of loans and equity participation by government in certain cases. Other facilities like telecommunication, postal services, etc, are adequately provided in the state for effective business contacts; The state has an international airport and is well linked to all parts of Nigeria by road and rail.

MINERAL RESOURCES

The geological location of Niger State endows it with abundant mineral resources. Rich commercial deposits of various types of industrial mineral of high quality are available in the state which can be used for domestic and export purposes.

ELECTRICITY

Niger State is the acclaimed “power house “of the shiroro hydro-electric power station commissioned in June 1990 by President Ibrahim Babangida with initial capacity of 600mw,the renown 500mw Kainji generating plant and the Jebba Hydro –Electric Dam.It is a foot that all major towns in the state and indeed all local government headquarters except few have been connected to the national grid.

Similarly, other smaller towns that cannot readily enjoy electricity from the national grid are being served by the state's Rural Electrification efforts .Therefore, electricity supply, does not pose a problem to the potential investors in Niger State.

NIGER STATE GOVERNMENT OF NIGERIA

INTRODUCTION

The Financial Statements and Accounts of the Government of Niger State of Nigeria for the year ended 31st December, 2020 have been audited in accordance with section, 125 sub-section 2 of the constitution of the Federal Republic of Nigeria 1999 (as amended) and the Niger State Audit Law of 2015.

AUDIT CERTIFICATE

The Financial Statements and Accounts of the Government of Niger State of Nigeria for the year ended December 31. 2020 have been audited in accordance with section 125 subsection 2 of the Constitution of the Federal Republic of Nigeria 1999 (as amended) (and the Niger State Audit Law 2015

The audit was conducted in accordance with international Standards on Auditing and INTOSAI Auditing Standards.

In the course of the audit. I evaluated the overall adequacy of the information presented in the General Purpose financial statements which were prepared in accordance with International Public Sector Accounting Standards (IPSAS) as described in the disclosure note hereby attached. I have obtained information and explanation that to the best of my knowledge was relevant and necessary

NIGER STATE GOVERNMENT OF NIGERIA

for the purposes of the audit. This audit has provided me with reasonable evidences and assurances which formed the basis for my independent opinion.

In my opinion, the Financial Statements which are in agreement with the books of accounts and records show a true and fair view of the Financial Position of the Government of Niger State for the year ended December 31, 2020 and the transactions for the fiscal year ended on that date

Special Opinion:

The State is eligible to receive performance-based grant financing from the Federal Government subject to performance against predefined criteria in the World Bank Assisted States Fiscal Transparency, Accountability and Sustainability Program for Results (SFTAS PforR). The expenditure framework [and receipts) arc detailed in the attached disclosure note of Niger State Government.

In my opinion, Note attached presents fairly, in all material respects, the expenditures incurred (and funds required) against the SFTAS Program by the State for the year ended December 3, 2019 [.2020, 2021 and 2022, *as required*] in accordance with IPSAS as described in note attached.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Introduction

In line with the adoption of the International Public Sector Accounting Standards (IPSAS) in Nigeria, a Standardised Chart of Account (COA) alongside a set of General-Purpose Financial Statements (GPFS) have been designed and introduced by FAAC for adoption by all tiers of Government in Nigeria.

The Standardised COA and the GPFS is hereby adopted by Niger State Government to comply with FAAC directive to harmonise public sector accounts reporting in Nigeria.

In order to ensure an effective and efficient utilization of the COA and GPFS, the Accounting Policies have been developed as a set of guidelines to direct the Processes and Procedures relating to financial reporting in Niger State.

These policies shall form part of the universally agreed framework for financial reporting in Niger State.

IPSAS Accrual Basis of Accounting

IPSAS Accrual Basis of Accounting recognizes transactions and events when they occur whether Cash (including cash equivalents) is received/paid or not by the MDAs. GPFS prepared under the IPSAS Accrual Basis provides readers with information about transactions involving revenues, expenses, assets and liabilities and changes in equity incurred by the State during the period.

Notes to the GPFS provides additional information about revenues, expenses, assets liabilities and reserves

STATEMENT OF ACCOUNTING POLICIES (Contd)

3. BASIS OF PREPARATION AND LEGAL PROVISION

The GPFS are prepared under the historical cost convention and in accordance with International Public Sector Accounting Standards (IPSAS) and other applicable standards as defined by the Fiscal Responsibility Law (FRL) and the Financial Reporting Council of Nigeria. In addition, GPFS are in compliance with the provisions of Niger State Public Finance Management Law 2015 Revised and Niger State Financial Instruction, 2017.

Niger State adopted accrual basis of accounting from 1 January, 2020. The State, as a first time adopter of International Public Sector Accounting Standards, has taken advantage of exemptions that affect their fair presentation and compliance with accrual basis IPSAS in respect of inventories, plant, property and equipment, biological assets and agricultural produce, intangible assets and concession assets and the related liabilities due to lack of information. The state has, however, included information in the statement of financial position on plant, property, equipment, biological asset and intangible assets acquired during the year 2019 and 2020 for which the information exists and is based on historical cost. The State has put in place, a committee responsible for identification, recognition and measurement of all the assets and liabilities before a three-year transitional relief period expires.

As a result of the foregoing, Niger State Government is unable to make an explicit and unreserved statement of compliance with accrual basis IPSAS in preparing its transitional IPSAS financial statement for the year ended 2020.

The opening Statement of financial position as at 1 January is attached as **Annex 1** to the financial statements.

These items shall be disclosed at the face of the Consolidated Statement of Financial Performance for the year in accordance with the standardized GPFS. Notes shall be provided as per standardized Notes to GPFS.

EXPENSES

All expenses are reported on accrual basis, that is, they are recognized in the period which they are incurred or when related services are enjoyed irrespective of when the payment is made.

Employee Benefits/Pension Obligations

Pension and gratuity expenditures are accounted for in accordance with the Pension Act of Nigeria and are recognized and expensed when they fall due. Unpaid pension and gratuities are reported in the Statement of Financial Position as pension and gratuity arrears.

Interest on Loans

Interest in loans shall be treated as expenditure or as a charge in the financial performance report (Statement of Financial Performance).

Foreign Currency Transactions

Foreign currency transactions are converted into Nigerian Naira at the ruling Central Bank of Nigeria (CBN) rate of exchange at the dates of transactions. Foreign currency balances, as at the end of the year

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

valued at the CBN exchange rate prevailing on that date. Foreign exchange gains or losses are charged to the Statement of Performance.

Non-Controlling Interest/Minority

This represents share of surplus/deficit due to outsiders or third parties during the year under review.

Statement of Cash flows

This statement is prepared using the direct method in accordance with the format provided in the GPFS. The Cash flow statement comprises of the following three sections:

- a) **Operating Activities:** These include cash received from all income sources of the State and record the cash payments made for the supply of goods and services.
- b) **Investing Activities:** are activities relating to the acquisition and disposal of non-current assets.
- c) **Financial Activities:** comprise the change in equity and debt structure of the state.

Cash and Cash Equivalents

Cash and Cash Equivalent means cash balances on hand, held in bank accounts, demand deposits and other highly liquid investments with an original maturity of six months or less in which the State invests as part of the day-to-day cash management and which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

Cash and cash equivalent is reported under the current assets in the Statement of Financial Position.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Accounts receivables

Accounts receivables are shown at estimated realizable value after providing for bad and doubtful debts.

Prepayment

Prepaid expenses are amounts paid in advance of receipt of goods or services;

Prepared expenses can represent payments made early in the year for benefits to be received over the latter part of the year, or payments made in one year for benefits to be received in subsequent years. Prepayments for which the benefits are to be derived in the following 12 months should be classified as Current Assets.

Where the benefits are expected to accrue beyond the next 12 months, it should be accounted for as a Long-term Prepayment and classified as Non-Current Assets.

Prepayments that are identifiable with specific future revenue or event, e.g. adverts, should be expensed in the period in which the related event takes place; those that relate to specific time periods, e.g. insurance, rent, leasehold premises, should be recognized as an expense in such periods.

Prepayments not exceeding e.g. N10,000 shall be expensed immediately, except there is a possibility of obtaining a refund or credit within the same financial year. (However, threshold to be determined by the respective tier of government).

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Inventories

Inventories are valued at the lower of cost and net releasable value and they are reported under Current Assets in the Statement of Financial Position.

Loans granted

Loans granted to other government agencies are valued at their realizable value after providing for bad and doubtful debts. Niger State Government did not grant loans to any third party.

Investments

These are valued at cost except for Government Stock, Treasury Bills and Certificates of Deposit, which are valued at face value, which is not materially different from cost.

Revenue and expenses in relation to all investments are recognized in the Statement of Financial Performance.

Property, Plant and Equipment

These are assets that have been acquired or constructed and held for use from which benefits are derivable beyond a financial year.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

The following shall constitute expenditure on PPE:

- ü Amounts incurred on the purchase of such assets. Consumables are to be wholly expensed irrespective of their amounts;
- ü Construction cost – including materials, labour and overheads;
- ü Improvements to existing PPE, which significantly enhance their useful life.

i. Cost

The cost of an item of PPE shall comprise: its purchase price, including import and non-recurring costs and any directly attributable costs of bringing the asset to its location and working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

PPE shall be stated at cost or at their professional valuation less accumulated depreciation.

The amount recorded for a PPE shall include all cost directly related to its acquisition including expenditures incurred to place the asset in usable condition for the service.

Accordingly, the cost of the assets shall include acquisition or construction costs, custom duties, transportation charges, professional fees and installation costs. Cash discounts shall be netted against the cost of the assets.

ii. Capitalisation

The capitalization threshold shall be N50,000 (Fifty Thousand Naira);

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Only amounts spent in connection with the above and whose values exceed (Fifty Thousand Naira) N50,000 shall be capitalised.

All assets equal to or above this amount shall be recorded in the Fixed Assets Register. However, in certain cases, it may be appropriate to aggregate individually insignificant value items such as chairs and tables, printers, UPS, etc., and apply the capitalization threshold to the aggregate value.

Fixed Assets whose costs are below the capitalization threshold shall be charged appropriately to the following accounts: office supplies – furniture, office supplies – IT equipment, office supplies – household equipment, etc.

Where an asset's category already exists for a newly acquired asset below the capitalization threshold, such an asset shall be capitalized irrespective of its cost and recorded in the fixed assets register under the appropriate category.

iii. Depreciation

The cost of PPE shall be written-off, from the time they are brought into use, on a straight-line basis over their expected useful lives as follows:

ü	Leasehold Land and Improvements	Over the term of the lease
ü	Leasehold Buildings	Over the term of the lease
ü	Buildings	2% per year
ü	Infrastructure	10% per year

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

ü	Plant and Machinery	10% per year
ü	Motor Vehicles	25% per year
ü	Office Equipment	25% per year
ü	IT Equipment	25% per year
ü	Furniture and Fittings	20% per year

The full depreciation charge shall be applied to PPE in the months of acquisition and disposal, regardless of the day of the month the transactions was carried out.

Fully depreciated assets that are still in use are carried in the books at a net book value of N10.00.

iv.Revaluation

PPE shall be revalued periodically in accordance with International Best Practices Surplus arising from the revaluation shall be transferred to the revaluation reserve in the financial position under reserves and to the statement of changes in net assets/equity. In case of revaluation deficit, it shall be set against the respective asset value and the corresponding entry to either the revaluation reserve – if surplus exists on the same class of asset, or to the statement of financial performance as an expenses.

v. Disposal

Gains or losses on the disposal of fixed assets are to be included in the income statement as either an income or expenses, respectively.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

vi. Impairment

Government shall take an impairment review of its PPE where it suspects that impairment has occurred.

Investment in Property, Plant and Equipment

These are cash-generating PPE owned by the Government/its entities. The cost, capitalization, depreciation and impairment of Investment PPE are same with PPE but shall be reported separately in the GPFS. Niger State Government does not have investment in Property, Plant and Equipment.

Intangible Assets

These shall consist of assets that are not physically tangible which have been acquired and held for use from which benefits are derivable beyond a financial year.

The cost of an item of intangible asset shall comprise its purchase price, including non-recurring costs and any directly attributable costs of bringing the asset to its state of intended use. Any trade discounts and rebates shall be deducted in arriving at the purchase price.

Classes of intangible assets include the following:

- ü Goodwill;
- ü Copyrights
- ü Trademarks

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

ü Heritage,

ü Software

Intangible assets are tested for impairment and amortised on an annual basis.

Niger State acquired software externally. The software has useful life is five years with nil residual value and are amortized on a straight-line basis. The amortization rate is 20% per annum.

Deposit

Deposits are amounts received in advance in respect of goods or services provided. Deposits can represent payments received early in the year for goods/services to be offered over the latter part of the year, or payments received in one year for services to be offered in subsequent years. Deposits for which the services are to be offered in the following 12 months shall be classified as Current Liabilities. Where the services are expected to span beyond the next 12 months, it shall be accounted for as a Non-Current Deposits and classified as Non-Current Liabilities.

Loans and Debts

Loans are funds receivable to be paid back at an agreed period of time. They are classified under liability in the General Purpose Financial Statement and are categorized as either short or long term;

Short-term loans and debts are those repayable within one calendar year, while long-term loans and debts shall fall due beyond one calendar year.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Unremitted deductions

Unremitted deductions are monies owed to third parties such as tax authorities, schemes and associations and other government agencies. These include: tax deductions and other deductions at source; These amounts shall be stated in the GPFS at their repayment value, which shall be treated as Current Liabilities in the Statement of Financial Position.

Accrued Expenses

These are monies payable to third parties in respect of goods and services received. Accrued expenses for which payment is due in the next 12 months shall be classified as Current Liabilities. Where the payments are due beyond the next 12 months, it shall be accounted for as Non-Current Liabilities.

This is the portion of the long-term loan/borrow that is due for repayment within the next 12 months. This portion of the borrowings shall be classified under Current Liabilities in the Statement of Financial Position.

Public Funds

These are balances of Government funds at the end of the financial year. They are classified under the Non-Current Liabilities in the Statement of Financial Position and include:

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

Trust Funds, Revolving Funds and other Funds created by Government.

Reserves

Reserves are classified under equity in the Statement of Financial Position and include: Statement of Financial Performance Surpluses/(Deficit) and the Revaluation Reserve.

Contingent Liabilities

A contingent liability is a possible obligation arising from past events whose existence will be confirmed only by uncertain future event(s) or present obligation arising from past events that are not recognized because either an outflow of economic benefit is not probable or the amount of the obligation cannot be reliably measured.

Contingent liabilities shall only be disclosed in the Notes of the GPFS. The State does not have contingent liabilities.

Leases

Finance leases, which effectively transfer to the Government substantially all the risks and benefits incidental to ownership of the leased item, as capitalized at the present value of the minimum lease payment. The leased assets and corresponding liabilities are disclosed while the leased assets are depreciated over the period the Government is expected to benefit from their use.

NIGER STATE GOVERNMENT OF NIGERIA

STATEMENT OF ACCOUNTING POLICIES (Contd)

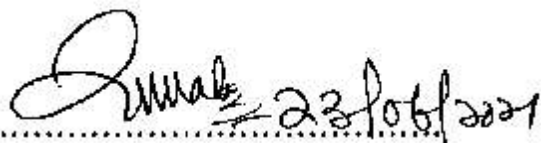

Operating lease payments, where the lessors effectively retain substantially all the risks and benefits of ownership of the leased items, are included in the determination of the operating profit in equal instalments over the lease term.

Niger State Government does not have assets leased out to third parties or assets leased from third parties.

Financial Instruments

These form part of the Government's everyday operations. These financial instruments include Bank Accounts, Short-term deposits, trade and account receivable, Trade and Accounts Payable and Term Borrowings, all of which are recognized in the Statement of Financial Position.

NOTE:

1. There is no PPE acquired through Public Sector Combinations.
2. Niger State Government did not carry out a revaluation exercise since there were no indicators of impairment of assets.
3. There were not pledges or restrictions on any asset of the State.
4. Biological assets comprise trees for production of timber in future.
5. The biological assets have been valued at cost since there is lack of information on their fair value less cost to sell.
